

Company announcement no 26 - 19

24 September 2019

NOT FOR RELEASE OR DISTRIBUTION OR PUBLICATION IN WHOLE OR IN PART, DIRECTLY OR INDIRECTLY, IN OR INTO THE UNITED STATES, AUSTRALIA, CANADA OR JAPAN OR ANY OTHER JURISDICTION WHERE THE DISTRIBUTION OR RELEASE WOULD BE UNLAWFUL.

This announcement does not constitute a prospectus and nothing herein contains an offering of securities. No one should purchase or subscribe for any securities in NeuroSearch A/S ("**NeuroSearch**") except on the basis of information in any prospectus (the "**Prospectus**") published by NeuroSearch in connection with the potential public offering and admission of offered securities to trading and official listing on Nasdaq Copenhagen A/S ("**Nasdaq Copenhagen**"). Copies of the Prospectus are, subject to certain exceptions, available through the websites of both Nordic Transport Group A/S and NeuroSearch.

Publication of Prospectus and indicative price range related to the contemplated indirect public offering of Nordic Transport Group through NeuroSearch

The Prospectus and the indicative price range related to the contemplated indirect public offering of Nordic Transport Group A/S ("**NTG Company**") through NeuroSearch (the "**Offering**") and admission to trading and official listing of the offered securities on Nasdaq Copenhagen has today been published.

The Offering is subject to the completion of a transaction whereby NTG Company indirectly achieves a listing. NTG Company is a fast-growing freight forwarding company, specialising in arranging and overseeing the transportation of goods throughout Europe and the rest of the world by truck, ship and aircraft.

Chairman of the Board of Directors of NTG Company, Eivind Kolding, said:

"With today's publication of the prospectus NTG reach an important milestone in the history of the company. When NTG was founded in 2011 the goal was to create a large Northern-European transportation company. Through high organic growth and 20 acquisitions this goal is already achieved. Next goal is to become a global transportation company, and the listing on the stock exchange is an important step in that direction, securing – among other things - flexibility to make value creating acquisitions"

CEO of the Air & Ocean division of Nordic Transport Group, Mikkel Fruergaard, said:

"In the last four years we have had annual average revenue growth of 38 percent and 49 percent growth in earnings, so we feel that we have a good starting point for a stock exchange listing. We continue to see growth opportunities, both through organic growth and through acquisitions in a large and fragmented market"

In addition, the Managers have been granted an overallotment option to purchase up to 1,583,959 additional shares from the Selling Shareholders, corresponding to 15 percent of the Offer Shares. The overallotment option is exercisable, in whole or in part, until 30 calendar days after the admission to trading and official listing of the Offer Shares on Nasdaq Copenhagen.

The offer price will be determined through a book-building process and is expected to be announced, together with the final number of Offer Shares sold in the Offering, through Nasdaq Copenhagen no later than 3:00 p.m. (CET) on 7 October 2019.

The offer period will commence on 24 September 2019 and will close no later than 7 October 2019 at 11:00 a.m. (CET) and no earlier than 4 October 2019 at 11:00 a.m. (CET). The offer period in respect of applications for purchases of amounts up to, and including, DKK 3 million may be closed before the remainder of the Offering is closed. Any such earlier closing in whole or in part will be published through Nasdaq Copenhagen.

Payment for and settlement of the Offer Shares are expected to take place on or around 11 October 2019 by way of delivery of shares in ISIN DK0061141215 against payment in immediately available funds in Danish kroner in book-entry form to investors' accounts with VP SECURITIES A/S and through the facilities of Euroclear Bank S.A./N.A. as operator of the Euroclear System and Clearstream Banking S.A.

The Board of Directors of NeuroSearch has on 24 September 2019 resolved in accordance with Article 4.3 of the Articles of Association to exercise its authorisation to issue the New Offer Shares. The New Offer Shares are issued without preemptive right for the existing shareholders and will upon issuance rank *pari passu* and carry the same rights as the existing shares in NeuroSearch. The New Offer Shares are expected to be registered with the Danish Business Authority at completion of the Offering on 11 October 2019.

Application has been made for the Offer Shares to be admitted to trading and official listing under the symbol "NTG" on Nasdaq Copenhagen. The admission to trading and official listing of the Offer Shares is subject to, among other things, the Offering not being withdrawn prior to the settlement of the Offering and NeuroSearch making an announcement to that effect as well as there being a sufficient number of investors with a minimum holding of EUR 1,000, a sufficient number of shares being distributed to the public and the new board of directors of NeuroSearch being elected at an extraordinary general meeting of NeuroSearch convened to be held on 7 October 2019.

The first day of trading and official listing on Nasdaq Copenhagen of the Offer Shares is expected to be on 9 October 2019. The New Offer Shares are expected to have the first day of trading and official listing on Nasdaq Copenhagen on 14

October 2019, but all Offer Shares purchased by investors will be settled by way of shares that are expected to have the first day of trading and official listing on Nasdaq Copenhagen on 9 October 2019.

If the Offering is terminated or withdrawn prior to settlement, the Offering and any associated arrangements will lapse, all submitted orders will be automatically cancelled, any monies received in respect of the Offering will be returned to the investors without interest (less any transaction costs) and admission to trading and official listing of the Offer Shares on Nasdaq Copenhagen will be cancelled. Consequently, any trades in the Offer Shares effected on or off the market before settlement of the Offering may subject investors to liability for not being able to deliver the shares sold, and investors who have sold or acquired shares on or off the market may incur a loss. All dealings in the Offer Shares prior to settlement of the Offering will be conditional and for the account of and at the sole risk of the parties involved.

The Offering consists of (i) a public offering to retail and institutional investors in Denmark and (ii) a private placement to institutional investors outside the United States in compliance with Regulation S under the U.S. Securities Act.

Prospectus

An English language Prospectus has been prepared. Special attention should be given to the risk factors that are described in the beginning of the Prospectus.

The Prospectus will be made available to eligible persons on NeuroSearch's website www.neurosearch.com and NTG Company's website www.ntg.dk.

The Transaction

NeuroSearch, NTG Company, the shareholders of NTG Company and of certain of the subsidiaries of NTG Company have today entered into a transaction agreement setting out the terms of a transaction by which NeuroSearch will acquire all shares of NTG Company and certain of its subsidiaries as well as an intercompany transfer by NTG Company of all of its activities to NeuroSearch (the "**Transaction**"). Completion of the Transaction is subject to a number of conditions, including entering into a pricing agreement among NeuroSearch, NTG Company, the Selling Shareholders and the Joint Global Coordinators.

As consideration in the Transaction the shareholders of NTG Company and the shareholders of certain subsidiaries will receive shares in NeuroSearch. The Board of Directors of NeuroSearch has therefore resolved in accordance with Article 4.2 of the Articles of Association to exercise its authorisation to issue up to nominally DKK 537,615,600 new shares by contribution-in-kind (the "**Consideration Shares**").

The Consideration Shares are subscribed for at a price of DKK 89 per share of nominally DKK 20, reduced by the issue of any bonus shares to the existing shareholders based on the final market price of the offered shares as determined by the book-building process in connection with the Offering to the extent it is below the top-end of the offer price range. Carnegie Investment Bank, filial af Carnegie Investment Bank AB (publ), Sverige, has as at the date of the Prospectus issued a fairness opinion to the Board of Directors that the exchange ratio in the Transaction is fair throughout the offer price range. The issue of bonus shares (if any) to existing shareholders is expected to be announced on 7 October 2019 no later than 3:00 p.m. (CET), and the last day of trading in shares affording the right to bonus shares (if any) is expected to be 8 October 2019.

The Consideration Shares are issued without pre-emptive rights for the existing shareholders and will upon issuance rank *pari passu* and carry the same rights as the existing shares in NeuroSearch.

The Consideration Shares are expected to be registered with the Danish Business Authority on 7 October 2019 and admitted to trading and official listing on Nasdaq Copenhagen under the symbol "NTG" and in ISIN DK0061141215 on 9 October. The Consideration Shares are expected to be issued through VP Securities A/S on 11 October 2019.

The Transaction is described in further detail in the Prospectus.

The Transaction is expected to be completed on 7 October 2019. Upon completion of the Transaction, the business of Nordic Transport Group will be carried on by the group with NeuroSearch as the parent company of Nordic Transport Group.

NeuroSearch has convened an extraordinary general meeting expected to be held after completion of the Transaction on 7 October 2019, *inter alia*, for the purpose of (i) decreasing the share capital of NeuroSearch with nominally DKK 7 by cancellation of treasury shares in order to adjust the share capital of NeuroSearch to an even number of DKK 20 share

multiples; (ii) electing new members to the Board of Directors; (iii) adopting a new remuneration policy; (iv) changing NeuroSearch's name to "NTG Nordic Transport Group A/S"; (v) changing NeuroSearch's corporate language to English; and (vi) issuing company announcements in English, see company announcement 25 - 19 dated 12 September 2019. Assuming the Board of Directors' proposal for election of new board members is adopted, the Board of Directors will following the extraordinary general meeting consist of Eivind Drachmann Kolding (Chairman), Jørgen Hansen (Vice Chairman), Stefan Ingemar Pettersson, Ulrik Ross, Finn Skovbo Pedersen, Peter Grubert, Michael Larsen (all members of the board of directors of NTG Company as at the date of the Prospectus) and Jesper Præstensgaard.
